COLLECTION

Tuscan Wood Flooring Collection

The Tuscan Collection offers a beautiful range of stunning surfaces and finishes to suit both traditional and contemporary interiors, bringing elegance and style to your home.

Modelli 6 - 11

The elegance of a traditional chevron or herringbone floor.

Grandé 12 - 13

Extra-wide planks which instil a sense of luxury.

Strato 22 - 27

A classic collection that creates a stunning interior in any setting.

Vintage 28 - 29

The rustic, time worn effect of an original wood floor from yesteryear.

Forte 14 - 17

A premium specification floor that both looks and feels amazing.

Terreno 18 - 21

The beauty of solid wood combined with the benefits of engineered flooring.

Modelli Chevron

Our Modelli Chevron floors offer a beautifully crafted design in sophisticated natural or darker oaks. The elegant pattern gives a luxurious European feel whilst meeting the modern trend for geometric designs.

Easy to install, Modelli Chevron helps to create the illusion of space and make narrow spaces appear wider. In addition, the combination of a 25 year warranty and breathtaking style means that you won't have to replace it to suit different interior design schemes – Modelli Chevron is truly a timeless investment.

Smoked Oak

TF311 White Smoked Oak

Grandé

Our versatile Grandé range can be installed directly over existing floor joists - the 20mm thickness enables it to be used as a load bearing floor without floor boards underneath, meaning it is perfect for refurbishment and renovation projects.

Grandé's wide boards open up smaller spaces like bedrooms, adding a sense of luxury and sophistication with their light to dark tones. They're durable too, as they are pre-coated with a hardwearing UV oil as standard.

TF512 Natural White Oak

Forte

With a variety of plank lengths, the Forte range offers the character of solid wood flooring at a fraction of the cost. It's versatile, with colours to suit every application – and easy to fit, even in tight spaces, thanks to its 5GC installation system with push down joints and strong, stable end joints.

All Forte items feature an enhanced Tressert lacquer to enrich the visual and textural appeal of the wood's natural grain, whilst assuring surface protection and durability.

Featuring Välinge 5GC profile technology for fast, easy and strong click installation.

Terreno

Capture all the character of a solid wood floor at a fraction of the cost. Terreno comes in a variety of realistic plank lengths achieving a natural and authentic look.

With a broad choice of classic colour options, Terreno flooring is ideal for every area of the home apart from the bathroom. It's practical too, as the multiply core provides stability and reduces the natural movement of the wood.

TF104 Family Oak

Strato Classic

Style and good looks lie at the heart of this versatile Strato range. Whether it's a classic or contemporary effect you are seeking to create, these beautiful boards will consistently enhance the feeling of luxury throughout the home.

Choose from the natural wood forms of Family, the prominent wood grain of Brushed or the narrow plank effect of 3 Strip. They are all Classic designs.

Vintage

The Vintage range helps you create the look and style of vintage flooring - with the added benefits of the strength, stability and guarantees that feature throughout our Tuscan Collection.

Vintage offers you a beautiful, natural oak wood floor with a collection of enhanced hand scraped and brushed finishes to give that slightly distressed look. It's smoked boards deliver a richer colour throughout the plank - not just on the surface, as with stained products.

Installation products

Our comprehensive range of quality profiles provide a smart finish to our floors. Solid wood trims create a smooth transition wherever needed, available in a selection of complementary colours.

T-section

Also known as a T-bar or Twin profile, this covers the gap between two floors of equal height such as in doorways, over expansion gaps or as a room divider.

Ramp section

Sometimes referred to as an Adaptor or Reducer, this provides a neat transition between two floors of varying height.

Scotia

Ideal for hiding the expansion gaps around the edge of a room, for example if the skirting board wasn't removed and replaced when the floor was fitted.

Sika Adhesives

European manufactured adhesives specifically designed for gluing down hardwood flooring.

Our profiles undergo stringent selection processes to ensure they meet the highest quality standards and complement our flooring as closely as possible. However, as with all wood products, they are subject to natural colour and grain variations.

Cleaning and maintenance products

Bona wood floor cleaning kit

Designed for regular maintenance of all Tuscan lacquered and UV oiled floors.

Bona wood floor refreshers

For occasional refreshing of your Tuscan lacquered and UV oiled floors.

Care and maintenance

Vacuum, sweep or dust mop your floor as and when required. The vacuum head must be brush or felt and a wand attachment is preferable. Do not use vacuums with beater bars or hard heads.

Spills and tracked-in dirt should be wiped up immediately.

Use interior and exterior doormats at all entrances to collect dirt and moisture and prevent it from being tracked onto the floor.

Never use any of the following products (or products similar in nature) on your floor: ammonia-based cleaners, acrylic finishes, wax-based products, detergents, bleach, polishes, abrasive cleaning soaps, or acidic materials such as vinegar.

All Tuscan floors are manufactured from natural products and can be damaged by high heels, pets and inadequate maintenance. Keep animal nails trimmed to minimise scratches to the surface.

Use furniture feet protector pads under all furniture and make certain to keep them clean and well maintained.

Keep the relative humidity in your home between 35% and 55%. If water is spilled onto the floor, wipe up immediately as water may permanently damage the floor.

Direct sunlight can alter the appearance of your floor. Always refer to the Tuscan recommended maintenance procedures which can be downloaded from www.tuscanflooring.co.uk.

Installation

Installation instructions are included with every pack of Tuscan flooring and copies of the instructions are available to download from www.tuscanflooring.co.uk.

Warranty

A copy of the warranties for Tuscan wood floors are available to download from www.tuscanflooring.co.uk.

TF518 Truffle

Environmentally sustainable & quality assured

Tuscan is much more than a beautiful floor. It also comes with first class environmental credentials in the form of FSC® certification, guaranteeing the timber is harvested from responsibly managed forests.

Quality assurance

Tuscan flooring offers outstanding quality and peace of mind. In fact, we're so confident in the quality of our flooring that the entire collection boasts an incredible 25 year residential use warranty against manufacturing defects.

All warranties are subject to terms and conditions, including fitting as per the installation instructions. Copies of the associated product warranties are available to download at www.tuscanflooring.co.uk

Environmentally sustainable

With Tuscan you get much more than just a beautiful floor, as first class environmental credentials come as standard.*

- Ø FSC® certification guarantees the timber is harvested from responsibly managed forests.
- Ø EUTR (European Union Timber Regulations) compliant.
- Ø A new tree sapling is planted for every pack of Tuscan engineered flooring produced.
- Ø Our manufacturing processes are streamlined to ensure maximum yield from all natural materials, minimising waste.

Look for FSC® certified products

*Excluding TF110 American Walnut

Disclaimer

The Tuscan Flooring Collection is manufactured from carefully selected materials, and subject to stringent quality control procedures. However, as wood is a natural material product the colour and grain may vary, and knots and other characteristics may be present including filler. Due to variables in the photographic and printing processes, colours shown in this brochure may vary slightly from the actual product. We reserve the right to amend any details or product specifications without prior notice.

Product overview

We understand how hard it can be to select the right flooring for your application. With such an extensive range of surface textures, structures, finishes, edge and joint options it's important you select the right combination to ensure you achieve the desired outcome. We have developed a range of easy to identify 'icons' which we display against all of our flooring ranges, this will allow you to quickly make the right choice for your application.

A triple layered product, consisting of a top surface of solid hardwood bonded to a softwood core with veneer backing to create a stable wood flooring solution.

Featuring a top surface of solid wood bonded to multiple layers of cross-laid ply to create a highly stable hardwood flooring solution.

FS Flat sanded

A smooth, sleek and even surface that retains the inviting texture of the wood.

HD Hand distressed

A hand textured surface that evokes the mellowed and time worn surface of a floor from yesteryear.

BR Brushed

The surface of the boards are wire brushed to bring out the surface grain, creating rich textural appeal.

SM Saw marked

Saw marks are made to the top level of the floor, perpendicular to the woodgrain, haphazardly and in varied depths.

HS Hand scraped

Hand scraped processes texture the surface creating a time worn look, that celebrates the natural character of hardwood.

ESB Enhanced hand scraped & brushed

Deeper hand scraping to the surface and around filled knots creates a unique look of a floor rich in history.

Surface finish

All finishes are multi-coat applications

Lacquered

This creates a higher sheen, with light bouncing off the hardwearing and durable surface.

Matt lacquered

A modern, matt finish that's long-lasting but allows the natural beauty of the floor to come through.

UV oiled

The classic beauty of an oiled finish, combined with the resilience of a UV cured coating.

Wax oiled

A traditional ultra matt, tough finish which also creates an inviting charm and warmth.

Bevel edge

Square edge

There are no grooves or gaps between the planks of the flooring boards, virtually erasing the joint lines.

2V

Bevelled edges along the length of the boards.

4V

Featuring noticeable bevelled edges to all 4 sides of each board.

4V micro

Featuring discreet bevelled edges to all 4 sides of each board.

Joint

Click

The original floating floor click system.

Drop loc

Quick and easy to install self locking system.

Tongue & groove

Classic easy locating joint system.

5GC

Featuring Välinge 5GC profile technology for fast, easy and strong click installation

Underfloor heating

Electric mat

Flooring is suitable for use over electric mat underfloor heating systems in accordance with the manufacturer's installation instructions.

Water piped

Suitable for use over water piped underfloor heating systems set in concrete screed, in accordance with the manufacturer's installation instructions.
