SUSTAINABLE SOLUTIONS

When buying from IDS you can be confident that you are trading in goods that are from legal, ethical and sustainable sources.

100% of our wood based products are EUTR compliant and 80% are either FSC® or PEFC™. We have held Chain of Custody since 2003 and offer certified FSC® or PEFC™ options across each of our main product areas, including flooring, worktops, panel products, wall panelling, laminates and compact.

In addition, highly efficient route planning of all our vehicles keeps our carbon emissions as low as possible. We also recycle and bale cardboard, plastic and timber across all of our branches.

Look for FSC® certified products

With a vast portfolio spanning vinyl, laminate and hardwood, we offer flooring suitable for any application including domestic and commercial, as well as a number of waterproof options. With a colour and texture to suit any style or specification, our on-trend products are also hardwearing and durable and supported with installation accessories and underlays. Combining premium brands with next day delivery, we can meet any requirement!

FLOORING

MALMO™

The Malmo™ LVT range provides a stylish solution suitable for a wide variety of high-end commercial and domestic applications. It offers two installation methods across three collections; Rigid Senses, Rigid Comfort, and Stickdown Freedom.

All Rigid products feature an SPC core, Välinge 5G click installation system, and underlay already attached for convenience and increased sound absorbency.

The award-winning Rigid Senses collection features a registered embossed texture perfectly in line with the visual pattern of the woodgrain, with selected decors featuring a Pressed Bevel with eased plank edges.

Freedom Stickdown products are incredibly versatile and are ideal for use in conservatories, new builds and commercial areas – with no need for expansion gaps or door profiles.

FEATURES & BENEFITS

- Available in plank, multi-width, herringbone and tile formats.
- Compatible for use with water piped underfloor heating systems.
- Freedom is suitable for use in conservatories as stickdown installation provides extra stability.
- Aluminium Oxide coating as standard on all Freedom designs for enhanced wear and slip resistance (+36PTV).
- Up to 25 year residential and 10 year commercial warranties.
- Subfloor preparation and adhesive products available.

APPLICATION

Domestic

- Including kitchens, bathrooms, conservatories and garden rooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

QUICK-STEP ALPHA

Capture the beauty and feel of real wood or stone with Alpha rigid vinyl flooring from Quick-Step.

These rigid, high performance floors are inspired by key trends, with an extra-matt top layer and bevelled plank edges for true authenticity.

100% waterproof with a watertight click system and Hydroseal technology, Alpha is impact resistant with a unique top layer that also protects against scratches, stains and indentations.

As you'd expect from Quick-Step, Alpha is easy to install thanks to the patented Uniclic system, and colour matched accessories are available for all designs.

FEATURES & BENEFITS

- Broad range of designs.
- Small and medium plank sizes.
- 2 tile sizes.
- Suitable for DIY installation.
- 100% watertight Hydroseal.
- Impact, scratch and stain resistant.
- Patented Uniclic installation system.
- 25 year domestic use warranty.

APPLICATION

Domestic

- Including kitchens, bathrooms, conservatories and garden rooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

QUICK-STEP VINYL FLEX

Vinyl Flex from Quick-Step meets the latest design trends across its Ambient, Pulse and Balance collections.

Offering a wide range of colours and styles in plank and tile formats, all designs feature bevels to all sides of the plank or tile for maximum authenticity. Easy to cut with no sawing required, Flex offers a choice of floating or glue down installation; ideal for covering large areas quickly. Sound dampening, waterproof and boasting Stain and Scratch Guard technologies, colour matched accessories are available for all designs.

FEATURES & BENEFITS

- Stylish matt and tile designs.
- Bevels to all four sides.
- 100% waterproof.
- Sound absorbing qualities.
- Stain & Scratch Guard technologies.
- Choice of Uniclic (Multift) click installation for floating floors, or glue down installation.
- Colour matched accessories for all decors.
- Up to 25 years warranty for domestic use.

APPLICATION

Domestic / Light commercial

BERRYALLOC PURE

BerryAlloc Pure LVT is 50% quieter underfoot than other LVT flooring. The unique Dreamclick® installation system offers 360 degree multidirectional installation, allowing scope to create patterns and designs including mixing and matching tiles and planks in the same area with no transition strips.

Water resistant, R11 slip resistant, and compatible with water-piped underfloor heating systems, Pure is supported with a lifetime residential warranty and a 10 year commercial warranty.

FEATURES & BENEFITS

- 0.55mm wear layer.
- 50% quieter underfoot than other LVT floors.
- Unique DreamClick® system offers 360 degree multidirectional installation.
- Tile designs are 612 x 612 x 5mm.
- Planks measure 1326 x 204 x 5mm.
- Lifetime residential warranty.
- 10 year commercial warranty.

APPLICATION

Domestic

- Ideal for wet areas and areas of high humidity, including kitchens & bathrooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

LIVIT

LiViT rigid luxury vinyl flooring provides a selection of authentic woodgrain, stone, slate and marble designs suitable for domestic or light commercial use.

Water resistant and hardwearing, LiViT can be installed over water piped underfloor heating systems making it particularly ideal for use in bathrooms and kitchens. The patented i4F click system enables quick and easy installation, and with a 1mm foam underlay already attached it can even be laid directly over existing hard floorcoverings (such as tiles or wood) with minimal fuss.

FEATURES & BENEFITS

- Available in plank and tile designs.
- Water resistant.
- Easy to cut.
- Underlay attached.
- i4F click installation technology.
- Compatible for use with water piped underfloor heating systems.
- Slip resistant.
- Hardwearing and durable.
- Warranty: 10 years domestic, 5 years commercial.

APPLICATION

Domestic / Light commercial

- Ideal for wet areas and areas of high humidity, including kitchens, bathrooms and en-suites.

TUSCAN

The Tuscan Flooring Collection offers a beautiful range of stunning surfaces to suit both traditional and contemporary interiors.

With a broad choice of surface textures, finishes and colours including fashionable greys, smoked oaks and herringbones, Tuscan brings style and elegance to any interior.

FEATURES & BENEFITS

- Colour palette spans oaks, greys, whitewashed effects, walnut, dark and light smoked oak.
- Textures include brushed, hand scraped, and saw marked.
- Finishes include matt lacquered and UV oiled.
- Wide plank and herringbone styles offer a unique look.
- 3 ply and multiply engineered products available.
- Suitable for stickdown or floating installation with 5GC, click and tongue & groove jointing systems.
- Selected products suitable for installation over electric mat and water piped underfloor heating systems.
- Up to 25 years warranty.
- FSC® certified.
- Solid wood trims available in complementary colours.

APPLICATION

Domestic / Light commercial

- Not suitable for wet areas or rooms with high humidity.

BASIX

Offering value for money engineered and multiply wood flooring, Basix provides a range of styles suitable for any home.

With a choice of surface finishes including UV oiled and UV lacquered; tongue & groove, click or the fantastic 5G installation system; and a variety of plank sizes, thicknesses and colours.

FEATURES & BENEFITS

- 3 ply and multiply engineered products available.
- Suitable for stickdown or floating installation.
- 5G, tongue & groove or click jointing systems.
- Narrow plank and 3 strip styles available across a variety of plank widths and lengths.
- Surface textures include brushed and flat sanded.
- Surface finishes include UV lacquered, matt UV lacquered and UV oiled.
- Broad palette of on-trend colour options including Silver, Milk Chocolate, and classic Natural Oak.
- Solid wood trims available in complementary colours.
- 10 year warranty.
- FSC® options available.

APPLICATION

Domestic / Light commercial

- Not suitable for wet areas or rooms with high humidity.

QUICK-STEP LAMINATE

Quick-Step is the UK's leading brand of laminate flooring.

Offering a broad range of styles, decors and textures, the vast majority of the Quick-Step collection features hydro seal technology, giving the water resistance needed for installation in kitchens and bathrooms. Quick-Step is the ultimate laminate floor.

FEATURES & BENEFITS

- Extensive décor options across wood and tile effect designs.
- Thicknesses 8mm to 12mm.
- Uniclic locking system for quick and easy installation.
- Suitable for use with underfloor heating systems.
- Scratch guard finish for 10 times more scratch resistance.
- Will not discolour in sunlight.
- A full accessory package is available to complement this vast collection of over 150 designs.

APPLICATION

Domestic / Light commercial

XTRA STEP

Xtra Step 12mm water resistant laminate flooring is available in six stylish wood effect designs including elegant greys, fashionable greige and classic oak.

Featuring Aqua Protect technology for enhanced water resistance, Xtra Step is suitable for use in environments including kitchens and bathrooms. The robust 12mm thickness and easy Uniclic installation make it ideal for refurb, new build and DIY projects alike.

FEATURES & BENEFITS

- 12mm water resistant laminate flooring.
- 6 stylish woodgrain designs across 3 surface textures.
- Comprehensive range of colour matched accessories.
- Aqua Protect technology.
- Patented Uniclic installation system.
- Compatible for use with underfloor heating systems.
- PEFC™ certified.
- 25 year residential warranty.
- 5 year commercial warranty.
- 3 year wet area warranty.

APPLICATION

Domestic

- Including kitchens, bathrooms and garden rooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

BERRYALLOC OCEAN+

The Ocean+ laminate flooring collection features impressively natural matt wood and lifelike stone designs, combined with 100% water resistance thanks to BerryAlloc's innovative hydro+ technology.

A hydrophobic coating is applied to all sides of the plank during the laminate manufacturing process, repelling water away from joints. Combined with the unique DuoLoc secure locking installation system which delivers excellent strength and high dimensional stability, hydro+ makes Ocean+ completely water resistant as soon as it leaves the factory.

FEATURES & BENEFITS

- 100% water resistant hydro+ technology.
- Beautiful wood and stone designs.
- Versatile Class 23/Class 32 8mm laminate.
- High dimensional stability due to the extremely strong DuoLoc click system.
- Solid HDF core.
- Sustainably produced and PEFC™ certified.
- Lifetime residential use warranty.
- 5 year commercial warranty.

APPLICATION

Domestic

- Ideal for wet areas and areas of high humidity, including kitchens & bathrooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

BERRYALLOC CHATEAU

The Chateau 8mm laminate floor collection from BerryAlloc provides the versatility and design-led attention-to-detail that is synonymous with traditional parquet floors, but with all the practicality of laminate. Comprising 15 wood designs, the Chateau collection provides the flexibility for installing in herringbone, shipdeck, ladder and mosaic configurations.

Featuring bevels to all four sides of the plank for a more authentic effect, Chateau is durable, scratch resistant, easy to clean and comes with a lifetime residential warranty.

FEATURES & BENEFITS

- 8mm laminate construction.
- 15 designs.
- Can be installed in herringbone, shipdeck, ladder and mosaic configurations.
- Four-sided bevel gives an authentic look.
- Premium feel matching accessories.
- PEFC™ certified.
- Lifetime residential warranty.

APPLICATION

Domestic

- Including kitchens, bathrooms, conservatories and garden rooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

FAUS

Offering a range of stunning designs including vintage tile, chevron, herringbone and marble effects, the FAUS laminate flooring collection offers a stylish, design-led look. With microbevels to the edges of the planks, the RealFeel hyper-realistic woodgrain texture and an Ultra Matt finish for the authentic effect of sawn wood, you can be sure that every small detail is covered.

Highly durable, it's suitable for use in both domestic and commercial applications, including in wet areas such as kitchens and bathrooms. The water repellent HDF core board combines with Aqua-0 technology to create an impermeable surface giving water resistance for up to 72 hours after spills.

FEATURES & BENEFITS

- Modern and realistic designs including tile, woodgrain, chevron, herringbone and parquet.
- Broad wood-effect colour palette spanning natural, classic, and grey tones.
- Tile collection includes vintage designs; a grey stone; large format concrete effect; and monochrome marbles.
- Water resistant – suitable for use in kitchens and bathrooms.
- Compatible for use with underfloor heating systems.
- AC6 abrasion resistance.
- FSC® and PEFC™ certified.
- Lifetime guarantee for domestic use.
- 5 year commercial use guarantee.

APPLICATION

Domestic / Light commercial

- Ideal for wet areas and areas of high humidity, including kitchens and bathrooms.

SWISS KRONO ORIGIN

Swiss Krono Origin is a 14mm laminate floor range that perfectly replicates the look and feel of real wood, but with no need to wax, polish or sand. Large, oversized planks of 2025mm long and 244mm wide perfectly showcase the rustic style and synchronised texture, whether it's one of the warm, rich, cool, light or natural tones.

The Origin range features Aquastop technology for improved moisture resistance, so is suitable for commercial and domestic use including in bathrooms and kitchens. Scratch and impact resistant, anti-fade, anti-static and with an antibacterial coating as standard, it's no surprise that this range boasts a 35 year residential use warranty.

Crafted from 100% natural materials, all wood used is sourced from sustainably managed forests and is FSC® certified.

FEATURES & BENEFITS

- Diverse colour palette of 10 designs.
- Oversized planks; 2025mm long and 244mm wide.
- Synchronised texture.
- Aquastop technology provides improved moisture resistance and suitability for use in bathrooms and kitchens.
- Anti-fade and anti-static.
- Antibacterial surface coating as standard.
- 5G click installation system for high tensile strength and quick installation.
- FSC® certified and sustainably sourced.
- 35 year limited residential warranty.

APPLICATION

Domestic / Commercial

- Not suitable for wet areas or rooms with high humidity.

KRONO ORIGINAL

Krono Original offers a comprehensive range of laminate flooring, with a broad selection of decors and finishes supported with an easy installation drop loc system.

In addition, Kronowall 3D wall panelling is a simple and effective way to transform the look of your walls. This heat and moisture resistant solution can be fitted in uniform, staggered or 'random' patterns, to enable you to conceal cables and install built in lighting.

FEATURES & BENEFITS

- Extensive décor choice incorporating tile and wood options with a hand scraped effect.
- Range from 8mm to 12mm thickness.
- Click system for quick and easy installation.
- Suitable for use with underfloor heating.
- Hand scraped and gloss finishes.
- Selected decors feature Aquastop surface protection that provides an added benefit for high moisture areas such as kitchens.
- FSC® certified.
- Suitable for multiple applications and budgets.

APPLICATION

Domestic / Light commercial

BERRYALLOC HPF

BerryAlloc High Pressure Floors are crafted to deal with extremes. Marking the next development phase in hard floorcoverings, HPF provides a tough yet stylish solution; the revolutionary AluLoc 5G glue-free locking system can tolerate weight loads of up to 1200kg per linear metre.

Available in large planks up to 300mm wide and 2.4m long, all designs across the Original, Grand Avenue and Grand Majestic collections include the underlay pad attached to each plank.

FEATURES & BENEFITS

- 30 stylish designs.
- Comprehensive range of colour matched accessories.
- AC6 scratch resistant wear layer.
- AluLoc 5G glue-free aluminium locking installation system.
- Underlay pad attached.
- Water resistant core.
- PEFC™ certified.
- Lifetime residential and 10 year commercial warranty.

APPLICATION

Domestic

- Including kitchens, bathrooms, conservatories and garden rooms.

Commercial

- Shops • Salons • Hotels • Offices • Care homes • Restaurants & bars.

Our selection of wall and ceiling panelling is unrivalled. Bringing together the industry's leading brands to offer waterproof panels for bathrooms and wetrooms, ceiling panels that can be applied directly over Artex, decorative panels that negate the need for plasterboard, and tough, hardwearing wallcoverings for commercial and public areas; our portfolio is vast.

With a broad palette of colours and designs spanning marbles, stones, woodgrain effects, plain colours and more, we have a stunning solution for any style. In addition to this, our portfolio also includes bespoke digital print options to create a unique look in both domestic and commercial settings – anything is possible!

WALL PANELLING

SHOWERWALL LAMINATE

Showerwall laminate wall panels boast an FSC® certified moisture resistant MDF core, note that exterior grade MDF and plywood core materials are also available on request.

Fast and easy to install, laminate panels do not require wet trades, providing a cost-effective solution that can be fitted directly over tiles. Hygienic and easy to clean too, this solid grout-free surface eliminates hiding places for mould, dirt or germs; a simple wipe-clean solution.

Laminate panel designs range from luxuriously veined marbles, to earthy stones and shimmering quartz, offering matt, tactile and uniquely synchronised texture finishes.

FEATURES & BENEFITS

- 100% Waterproof System – to ensure a watertight finish laminate panels require trims for all outer edges, internal and external corners.
- Choose from Square Cut or Proclick panels – a mechanical locking system that provides seamless, almost invisible joints, negating the need for joining trims.
- Trims are available in 5 different finishes, Bright Silver, Satin Silver, White Gloss, Black Silk and Antique Gold.
- For enhanced sealing performance laminate panels are sealed at the base with the patented Sureseal, 4-point sealing trim – available in Black, White and Satin Silver.
- Square cut panels measure 900mm or 1200mm wide, by 2440mm high.
- Proclick panels measure 579mm or 1179mm wide, by 2440mm high.
- 30 year guarantee for domestic use.

APPLICATION

Domestic: • Bathroom.

Commercial: • Local authority • Social housing • Nursing homes • Schools
• Gyms • Spas • Hotels • B&Bs • Campsites.

SHOWERWALL ACRYLIC

Showerwall acrylic panels are manufactured from a 4mm acrylic sheet that is rear printed to create a polished glass-like finish.

Showerwall is the ultimate waterproof panelling system, designed to deliver a smooth, watertight finish whilst also being hard-wearing, stain resistant and totally hygienic.

The sleek finish of these acrylic panels are available in plain colours or digitally printed – either choose from Showerwall's library of stunning designs, or provide an image/design of your own.

This unrivalled and stunning portfolio is categorised by 3 sub-ranges: Solid Colours that can be customised to match any colour; Patterns & Tiles inspired by delicate tiling detail and on-trend motifs; and Prints & Images that create the real wow factor and enable designs up to 3600mm wide.

FEATURES & BENEFITS

- 100% waterproof and therefore do not require any trims, panels are simply joined together using Showerwall acrylic sealant.
- Fast & easy installation – can be installed directly over existing tiles.
- Hygienic & easy to maintain – a solid surface with no grout lines that can simply be wiped clean.
- Acrylic panels measure 896mm or 1200mm wide, by 2400mm high.
- Colour matched acrylic sealant is available for specific designs.
- Many designs are available in a variety of colourways and Solid colour panels can be matched to any colour.
- 30 year guarantee for domestic use.

APPLICATION

Domestic: • Bathroom.

Commercial: • Local authority • Social housing • Nursing homes • Schools
• Gyms • Spas • Hotels • B&Bs • Campsites.

SHOWERWALL COMPACT

Compact panels are manufactured from a solid 3mm thick composite laminate material with an embossed tile effect surface.

Embossed to create the real look and feel of tiles without the hassle of grout, these panels are easy to fit through a waterproof system, reducing the fitting time compared with traditional tile products – and offer hygienic benefits as they are easy to clean and maintain.

Unique to the market, Showerwall's Compact Collection offers 5 contemporary decors, taking inspiration from some of the most popular trends in bathroom and home design.

FEATURES & BENEFITS

- 100% Waterproof System – to ensure a watertight finish compact panels require trims for all outer edges, internal and external corners.
- Trims are available in 4 different finishes, Chrome, Satin Silver, White, and Black.
- Fast and easy installation as no wet trades required, providing a cost-effective solution that can be fitted directly over tiles.
- Hygienic and easy to clean – a solid grout-free surface eliminating hiding places for mould, dirt or germs; a simple wipe-clean solution.
- Compact panels measure 1220mm wide, by 2440mm high.
- 30 year guarantee for domestic use.

APPLICATION

Domestic: • Bathroom.

Commercial: • Local authority • Social housing • Nursing homes • Schools
• Gyms • Spas • Hotels • B&Bs • Campsites.

NUANCE

The Nuance range from Bushboard offers wall panels in a wide choice of designs and textures to help create individual interiors. With stunning decors including marbles, stones and timbers, the versatile panels can be used to create a true wetroom, panel out a shower enclosure, or go around the bath and behind the washbasin. The unique panels feature a patented core that's 100% impervious to water, require no trims or extrusions, are six times faster to install than tiles and are supported by a 15 year guarantee.

FEATURES & BENEFITS

- On trend design palette meets modern, contemporary and traditional interiors.
- Patented 100% waterproof core.
- More hygienic than tiles and grout.
- Large format panels.
- Postformed outer edges mean no extrusions and fewer visible joints.
- Eliminates the need for wet trades.
- 15 year guarantee.
- Coordinating bathroom worksurfaces also available.
- BB Complete adhesive and colour co-ordinated sealant available for all decors.

APPLICATION

Domestic

- Bathroom • Shower Cubicles
- Wetrooms.

Commercial

- Gyms • Spas • Hotels • B&Bs.

BERRYALLOC® WALL&WATER

This high-pressure laminate waterproof wall panelling range includes 10 realistic tile effect decors in five different tile sizes. The nature-inspired collection spans classic whites, elegant marbles, fashionable large format tiles in sophisticated black and stylish slate, as well as cool cement and concrete designs with a choice of glossy, brushed and satin finishes.

The BerryAlloc® Wall&Water range is ideal for any renovation or new build project as it is fast and easy to fit. The panels can be glued directly onto solid walls, or locked into place with the unique Hydroloc system which features hidden corner profiles to give a smooth and seamless finish with no visible joints. The panels measure 10.2 x 600 x 2400mm in size and come with a range of matching accessories and colour coordinating sealants.

FEATURES & BENEFITS

- Fast & easy installation.
- 100% waterproof with unique Hydroloc system.
- UV-resistant – no discolouration over time.
- Environmentally friendly production and fully recyclable.
- Lifetime warranty.

APPLICATION

Domestic

- Bathroom

Commercial

- Local authority • Social housing • Nursing homes
- Schools • Gyms • Spas • Hotels • B&Bs • Campsites.

FEATURE WALL

Feature Wall is a contemporary decorative feature wall panel that is lightweight, easy to cut, and simple to install.

With concealed joins between each 600mm wide panel, Feature Wall can be simply adhered or screwed to the wall, alternatively it can also be attached to battens to provide space behind for secret cabling. The perfect solution for commercial or residential use.

FEATURES & BENEFITS

- 2 Panel sizes: 2400x600x22mm & 3000x600x22mm.
- Transform walls in an instant.
- Easy to cut, simple installation.
- Concealed panel joins.
- Hide untidy cables.
- Noise absorbing due to density of felt backing material.
- Slats are made from black FSC® certified FR MDF with a decorative wood veneer.
- Panels are Class B, s2, d0 Fire rated.

APPLICATION

Domestic / Commercial

PANELSTYLE PVC

Panelstyle PVC is 100% waterproof, quick and easy to fit, and available in a range of thicknesses to suit every budget and application – and with so many designs to choose from, it's the perfect solution for any and every room. The range is broken down into three main product areas...

Designed for walls, Spalshpanel is perfect for showers, bathrooms and wet rooms. Now with even more choice including exclusive Premium designs, plus a range of Narrow panels for those smaller spaces.

Fast and easy to fit, Proplas Panelling is ideal for the walls and in some cases, the ceilings, of any room.

The Proplas Tile range offers three tile effect wall products, providing all the great looks of traditional tiling without the mess and maintenance.

FEATURES & BENEFITS

- 100% waterproof – suitable for wet areas.
- Cost effective alternative to tiling.
- Fast and easy to fit – no wet trades required.
- Virtually maintenance free.
- Non porous and mould free.
- Hygienic and wipe clean.
- Can be installed over existing tiling.
- 5 year domestic warranty.
- Tested to BS EN 13501 – 1:2007.
- Fire tested to BS EN 13501.

APPLICATION

Domestic

- Bathroom.

Commercial

- Local authority • Social housing • Nursing homes
- Schools • Gyms • Spas • Hotels • B&Bs • Campsites.

BASIX PVC

Basix PVC waterproof panelling is suitable for use on both ceilings and walls in showers, bathrooms and wet rooms.

With 10 decors to choose from across two thicknesses, this budget range offers marbles, sparkles and wood effects across a broad colour palette.

FEATURES & BENEFITS

- 100% waterproof.
- 10 designs across matt and gloss textures.
- Suitable for use in both wet and dry areas.
- Can be applied directly over existing tiling.
- Non-porous and mould resistant.
- Tongue and groove panels are quick and easy to fit.
- Panels measure 5mm thick x 250mm wide x 2700mm long (excluding the decors below).
- White & Silver Embedded decor panels are available in 7.5mm thick x 200mm wide x 2700mm or 4000mm long.
- 4 panels per pack.
- Two year domestic use warranty.
- Installation accessories also available.

APPLICATION

Domestic

- Bathroom
- Utility room.

UNILIN CLICWALL®

Clicwall® is a stand-out wall panelling system from Unilin with a unique surface panel that is primed, ready to paint or paper on an MDF core.

It offers significant time and cost saving benefits as the world-renowned Uniclic® installation system means that it's quick and easy to install, and as it can be fixed directly to battens it can even replace the need for plasterboard.

FEATURES & BENEFITS

- Immediate seamless wall system, ready to decorate.
- Easy to install using the patented Uniclic® system.
- Cuts out time consuming, costly and messy wet trades.
- Very strong and high impact resistant.
- Environmentally friendly.
- Alternative decors available on request.

APPLICATION

Domestic

- Ideal for living rooms, dining rooms, children's bedrooms and playrooms.

Commercial

- Schools • Universities • Care homes
- Shopping centres • Hotels
- Restaurants & bars.

ALTRO WHITEROCK™

Altro Whiterock™ wall sheets are ideal for areas where hygiene is paramount. Featuring a continuous smooth, tough and durable surface, Whiterock™ can be wiped clean in an instant to retain its hygienic and stain free appearance.

The Altro Whiterock™ offer is broken down into 6 ranges: Altro Whiterock White, Satins, Chameleon, Wall Designs, Imagination Wall, and Whiteboard.

FEATURES & BENEFITS

Domestic

FORMICA® ARIA

Formica® Aria compact worktops provide a real alternative to natural and engineered stone, but without the associated expense or complexity of installation and no compromise on aesthetics, finish, quality or durability. Available in a wide range of contemporary and classic designs, the solid construction is waterproof and gives consistent colour throughout.

FEATURES & BENEFITS

- Classic bold designs incorporate marble veining, granite textures or engineered stone patterns in a colour palette of 15 sophisticated neutrals.
- Each design is paired with a white, grey or black core for unassuming style.
- Durable – the solid one piece construction means it is highly impact and abrasion resistant.
- Non-porous, allowing design features such as undermounted sinks and drainer grooves and ensuring stain resistance against everyday products.
- Available in a contemporary ultra-slim 12mm thickness for a sleek, modern design effect, as well as a classic 20mm thickness that resembles engineered stone for that sophisticated look.
- Simple and low cost installation using standard tools, and can be cut on site.

BE.YOND

SWISS KRONO: BE.YOND

BE.YOND products are the most environmentally friendly particle boards available and are produced using next-generation bio-based adhesives that deliver the highest indoor air quality. BE.YOND does not compromise quality and, most importantly, not our health either – a genuine benefit for people and nature.

BE.YOND is available across the full and extensive range of decorative designs & textures in the Swiss Krono One World Collection.

FEATURES & BENEFITS

- Minimum 98% natural materials.
- Same level of formaldehyde emissions as a tree.
- FSC® and PEFC™ certified as standard.
- Exceeds Carb Phase 2 standards.
- Improves your LEED point level.
- Produced with the highest content of natural resources, incorporating EcoSynthetix DuraBind™ bio based binder systems.
- Certification meets the highest quality and ecological standards for wood-based materials.

FUNDERMAX® PREMIUM STAR

Premium Star is a revolution in lacquered boards that offers an unbeatable quality, with a choice of Aptico (AP) super matt, or Supergloss (SG) high gloss mirror finish. These on trend surfaces make every interior dream come true with their unobtrusive and elegant appearance.

The balanced portfolio of colours available is long-lasting thanks to the use of multi-layer lacquer, suitable for vertical applications only. Non-standard colours are available on request for bespoke requirements.

FEATURES & BENEFITS

Aptico (AP)

- Super matt finish with anti-fingerprint properties.
- Panel thickness: 10-25 mm (19mm in stock) – single sided.
- Panel size: 2800 x 2070mm.
- Core material: chipboard P2 emission class 05.
- Resistant to solvents, household cleaners, scratches and abrasions.
- Superficial micro-scratches can be thermally repaired.

Supergloss (SG)

- High gloss mirror finish.
- Panel thickness: 10.3 - 25.3mm (19.3mm in stock) – single sided.
- Panel size: 2800 x 2070mm.
- Core material: MDF E1.
- Resistant to heat, chemicals, solvents, and scratches.

APPLICATION

Domestic

• Furniture manufacture • Joinery • Kitchens • Bedrooms • Bathrooms • Offices.

Commercial

• Furniture manufacture • Joinery • Shopfitting • Hotels • Exhibitions • Offices
• Student Accommodation

FINSA SUPERPAN

Finsa SuperPan offers superior machining, finishing and cost saving benefits. Ideal for furniture manufacturing and shopfitting, the melamine faced boards comprise a chipboard centre with MDF fibres to the surface.

FEATURES & BENEFITS

- A unique panel with integral layers of MDF fibres to the surface and a chipboard centre.
- Available ex-stock with decors including woodgrains, plain colours, gloss and fantasy designs.
- In-line registered embossed woodgrains available (Jazz).
- PEFC™ as standard.
- Meets the latest design trends and commercial bestsellers.
- Gama Duo also available on a forward order basis.

APPLICATION

Domestic

- Furniture manufacture • Joinery • Kitchen • Bedroom • Bathroom • Offices.

Commercial

- Furniture manufacture • Joinery • Shopfitting • Hotels • Exhibitions • Offices
- Student Accommodation

FIBRALUX

Fibralux coloured through MRMDF panels are available in either grey or black with a hard, fine and smoothly sanded surface suitable for interior decoration, industrial processing, and furniture production.

Fibralux panels can be lacquered or finished with paper, foil, melamine, veneer or high pressure laminate. This premium quality moisture-repellent MDF is ideal for applications in humid conditions.

FEATURES & BENEFITS

- High density homogenous 3D core.
- Moisture resistant, and subject to minimal expansion and swelling in conditions of high humidity.
- Coloured throughout core in Black or Grey.
- Black panel size:
3050mm x 2220mm, in a choice of 12, 16 or 19mm thickness.
- Grey panel size:
3050mm x 2220mm x 19mm thickness.
- Surface and edges can be coated with PU lacquer to add surface finish.
- PEFC™ Certified.
- CARB 2 Fibralux MR meets the requirements set by the California Air Resource Board. According to ASTM E 1333-96, formaldehyde emission is less than 0,11 ppm, which corresponds to CARB 2 as set by the ACTM. This MDF board also meets the requirements of EPA, as set by TSCA Title VI.

APPLICATION

Domestic

• Furniture manufacture • Joinery • Kitchen • Bedroom • Bathroom • Offices.

Commercial

• Furniture manufacture • Joinery • Shopfitting • Hotels • Exhibitions • Offices
• Student Accommodation

Our premium quality solid surface materials offer a large variety of decors, sheet sizes and thicknesses, providing a beautiful solution for both domestic and commercial interiors.

Acrylic solid surface material can be cut, shaped, moulded and thermoformed to create truly stunning design-led looks to suit any concept or project.

SOLID SURFACE

DURASEIN®

Durasein pure acrylic solid surface is available in a palette of 60 decors, selected specifically for the UK market.

Spanning plain and particle-based whites, accent colours, concretes and several on-trend marble and stone effects, all 60 designs are available ex-stock in a sheet size of 3660mm x 760mm x 12mm.

Selected designs are available in a further four sheet sizes and five thicknesses for maximum project optimisation. In addition, a sleek and stylish collection of high quality cast sinks and bowls offers a comprehensive choice of designs, all manufactured in-house for guaranteed colour consistency.

FEATURES & BENEFITS

- 60 decors.
- Fire-resistant tested to EN13501-b, comparable to UK BS476 Class 0.
- NSF51 certified for use in food preparation areas.
- Thermoformable for curved designs.
- Highly durable, non-porous and waterproof.
- Cast sinks & bowls for colour consistency.
- 10 year warranty.

APPLICATION

Commercial

- Shopfitting • Reception desks • Till points • Merchandise displays
- Food services & preparation areas • Bar counters • Healthcare • Laboratories
- Offices • Washrooms • Education

Residential

- Kitchen worksurfaces • Bathroom vanities • Sinks and bowls • Splashbacks
- Upstands • Wall cladding • Windowsills • Cupboard doors • Furniture
- Table tops

ELEMENTS3

Elements3 is a 3mm mineral-based solid surface that offers the same aesthetics as thicker sheets whilst providing significant cost savings. With a 10 year warranty, you can be assured of a high performance product suitable for a range of applications and environments, including retail and commercial settings.

FEATURES & BENEFITS

- 15 popular decors.
- Flexibility of sheet sizes (3660 x 760mm, 4100 x 1250mm, 4100 x 615mm).
- Colour matching capability.
- Small minimum order quantities.
- Competitively priced.
- Thermoformable.
- Suitable for horizontal and vertical applications.
- 10 year guarantee.

APPLICATION

Domestic

- Vanity units • Kitchen worktops.

Commercial

- Shopfitting • Washrooms • Wall cladding • Hotels • Healthcare
- Education • Offices • Transport • Exhibition • Caravan/boat
- Reception desks • Bar counters.

POLYEX POLYCARBONATE SHEET

Polyex is a polycarbonate sheet material that is ultra-tough and incredibly versatile. It shares the same transparent & shatter resistant properties as glass, but has a 250 times stronger performance. As it is resistant to impact and water damage, it is suitable for internal & external use.

A hygienic and durable product that can be used in a range of different applications including protective screens and dividers, signage, and as a general glass alternative.

FEATURES & BENEFITS

- 100% waterproof, therefore suitable for internal & external use.
- As transparent as glass.
- Durable & shatter resistant.
- Various sheet size and thickness options.
- Bespoke sizes available on request.
- Lightweight and easy to work with.
- Hygienic—simply wipe clean surface.
- UV stabilised, preventing warping and discolouration.
- Resistant to temperatures of -40°C to +120°C.
- Fire Rated to EN-13501-1.
