

# Product Options

## Max Compact Interior

is a highly versatile product fit for all of the design challenges a washroom environment poses.

- Max impact resistance
- Max moisture resistance
- Max stability
- Max durability
- Max hygiene

Max Compact Interior is the perfect solution for cubicles, IPS, lockers and benches.

## Max HPL

offers the perfect solution for IPS, vanity units, doors and wall linings with its unique properties allowing the fabrication of detailed components for your washroom. Postforming of HPL allows a continuous, closed surface of the core board across the edges.

## Star Favorit MFC

(Melamine Faced Chipboard) is offered here with our high performing moisture resistant (P3) core. MFC is the ideal panel solution for carcasses & low-impact areas and provides a cost-effective solution to matching decors throughout your scheme.

## Individualdecor

For totally individual projects, we offer our custom printed panel solutions. We take your high resolution images and encapsulate them in our high performance surfaces (Compact or HPL).

All items are stocked in the UK. No minimum order quantities.

**FH - Fine Hammer Embossed**  
The classic, which can be used in practically all areas, offers the optimum combination of resistance and easy cleanability - and is therefore one of the most popular surfaces.

**Decor direction**  
N = This decor doesn't have a direction. It can be turned when cutting.  
R = This decor goes in a crosswise direction. (Please consider when arranging and cutting.)

**Note:** All items are polycoated and are suitable for horizontal and vertical use.

Matching ABS edging is available from Rehau. For further information please contact our sales representatives.

For more options and further technical information about applications and our products, such as digital print (Individualdecor), Max Compact Interior with white core, and many more, as well as for further decors and our delivery programme please visit our website [www.fundermax.com](http://www.fundermax.com)

**Did you know?**  
We already cover half of our core paper requirements entirely with recycled core paper, which we obtain primarily from our Fundermax subsidiary Ranheim Paper & Board in Norway, a manufacturer of paper and board products.
