- 6 Nuneaton
- **7** Norwich
- 8 Elv\*
- 9 Woodford Green
- **10** Aylesford
- **11** Swindon
- **12** Exeter
- **13** Southampton

\*Panel specialist.

We are proud of the fact that 95% of our panel products and 85% of our complete timber based offer is certified as coming from sustainable sources.

## Environment

Sustainability is at the heart of everything we do. Our core objective is to recognise our potential impact on the world around us and adhere to our responsibility to operate in a way that is environmentally and socially acceptable.

Look for FSC® certified products

We have held Chain of Custody since 2005 and can offer fully certified FSC® or PEFC™ options in all of our product sectors. Timber that qualifies for Chain of Custody is only sourced from 'legal and sustainable' forests. It guarantees the timber has been harvested legally and as part of an overall forest management system.

#### We are committed to:

- Responsible product sourcing.
- Waste minimisation.
- Efficient use of energy.
- Reduction of emissions to atmosphere and water.
- Reduction in water consumption.
- Monitoring and reducing noise emissions.

# Ordering Guide

We offer a true multi-channel service.
Whether you prefer to call one of our 13 sales offices, send an email or shop 24/7 online at our Webstore, we have it covered.

## Swiss Krono One World

IDS have a longstanding partnership with Swiss Krono who are renowned for their consistently high quality and innovative products. The One World Collection boasts a huge range of MFC, complete with matching laminate and edging. Available for delivery in the UK within 7-10 days - even for single sheets.

Quality and style from a brand you can trust.

#### Key Features and Benefits

- Over 250 designs available.
- Plain colour, woodgrain, stone and concrete designs.
- Matching MFC, laminate and edging across all décors.
- Additional thicknesses and substrates available on request.
- Consistently high quality and machinability of the coreboard.
- 3mm printed HDF for drawer bases and cabinet backs also available in pallet quantities for delivery 7-10 days from order.
- 100% virgin core.

#### **Environmental credentials**

Environmental accreditations include FSC® Certification, ISO 14001 and CO² Reduced Certificate.

## Swiss Krono Touch

A unique collection that perfectly recreates the natural look and feel of real wood due to its enhanced registered embossed surface textures - whereby the texture matches the pattern of the woodgrain.

Swiss Krono has built its reputation on the consistent quality and machinability of the Swiss coreboard.

#### Key Features and Benefits

- Made from 100% FSC® certified products.
- 23 décors ex stock.
- Includes 5 brand new stone and concrete designs.
- Features the synchronised texture on both sides of the board.
- Provides a cost effective alternative to veneers or solid products.
- Has a more consistent colour and pattern than real wood.
- Matching synchronised laminate and ABS edging available.
- 100% virgin core.

#### **Available Sizes**

- Ex IDS Stock 2800mm x 2070mm x 18mm MFC.
- Edging: 23mm x 2mm ABS.
- The range features additional décors available from Switzerland.

#### 2800mm x 2070mm MFC.

## LB07 - Pre-Laminated MDF

For premium quality and hardwearing surfaces, LB07 is a range of pre-bonded laminated MDF fused together for the best performance.

Particularly suitable for furniture that is subject to substantial wear and tear and frequent cleaning such as hospitals, schools and laboratories.

#### Key Features and Benefits

- FSC® certified as standard.
- PEFC™ certification available on request.
- 40% larger sheet size than traditional laminated MDF.
- Pre-laminated at source means no additional labour cost.
- Bonded both sides at no extra charge.
- Ideal for commercial interiors.
- Other thicknesses and décors available through the One World Collection.
- Other substrates available on request, including Chipboard, Moisture Resistant Chipboard and Fire Retardant Chipboard.
- One World Collection all available made to order, with a minimum quantity of just 10 sheets.
- 100% virgin core.

#### 2800 x 2070 Pre-laminated MDF.

# CDF - Compact Density Fibreboard

A revolutionary panel solution from Swiss Krono that combines the latest manufacturing technology with high quality and sustainable materials.

CDF is offered from stock in a choice of 17 décors as well as unfinished, allowing you to bond your own laminate.

#### Key Features and Benefits

- FSC® certified and recyclable.
- Offers a 30% weight saving over standard Compact laminate.
- Quicker to cut and profile, offering a significant cost saving.
- Highly moisture resistant.
- FR certified as standard.
- Available in 17 décors ex-stock.
- Any other décor from the One World Collection can be produced on CDF with a minimum order quantity of 10 sheets including synchronised textures.
- Other thicknesses are available made to order.
- 100% virgin core.

## Formica Unilin

Two of the market leading brands; Formica and Unilin, have joined forces to create the Formica Unilin Collection. A complete resource of materials with complementary décors and textures to ensure best-value solutions for all interior surfacing projects.

Best-value solutions for all interior surfacing projects.

Both materials work harmoniously together in providing solutions for every application. Formica High Pressure Laminate for demanding horizontal and vertical applications in areas which are subject to wear and impact, and environments of high humidity, and Unilin Melamine Faced Boards, for furniture, verticals and other interior applications. The Formica Unilin Collection is PEFC™ certified as standard.

## Unilin Evola

No range better captures both modern trends and recent industry technological advances than Evola from Unilin

With 35 décors the range boasts deep embossed woodgrains, a brushed metal range for a contemporary look, solid colours for neutral design, and concrete effects for an industrial feel.

All Evola MFC products are FSC® certified.

35 décors including stunning oaks that really capture the natural beauty of the real thing.

## Unilin ClicWall

ClicWall is a stand-out wall panelling system from Unilin, available with a choice of melamine faced décors or paint-ready layer on its MDF core.

It offers significant time and cost saving benefits as the world-renowned Uniclic installation system means that it's quick and easy to install.

A professional and co-ordinated end result.

#### Key Features and Benefits

- 10mm thick MDF panels.
- Versatile floor-to-ceiling size of 600mm wide x 2785mm high.
- Flexible profiles and skirtings ensure a professional and co-ordinated end result.
- Fast and simple to install using the world-renowned Uniclic system.
- Can be affixed to either a timber or metal frame to provide a smooth and seamless finish.
- Selected décors available Fire Retardant (Euro Class B).
- Bespoke digital print available please ask for details.

### 2 panels 2785 x 618 x 10mm (2785 x 600 visible surface) 3.44m<sup>2</sup> per pk (3.34m<sup>2</sup> visible)
