# Create stunning statement walls with our Laminate, Acrylic and Compact wall panels.

Laminate panels are inspired by stunning natural materials in a range of finishes to bring each individual decor to life, offering realistic textures and classic glossy surfaces. Acrylic panels are rear printed to give a vibrant colour with a polished glass-like finish across a library of stunning designs. Compact panels are made from a strong solid composite material, embossed to create a tile effect wall without the need for grout.

**COST-EFFECTIVE**

**NO GROUT REQUIRED**

**FAST AND EASY INSTALLATION**

**100% WATERPROOF SYSTEM**

**FIT DIRECTLY OVER TILES**

**HYGIENIC AND EASY TO CLEAN**

Using the superior finish of acrylic to bring digital imagery to life, the Acrylic Collection includes Solid Colours, Tile & Pattern designs that replicate the look and feel of traditional tiles, and Prints & Images that allow for panoramic designs that seamlessly cover a maximum wall width of 3600mm.

## ACRYLIC CUSTOMISATION

Many of our designs are available in a variety of colourways and our Solid colour panels can be matched to a colour of your choice, unique to you.

Solid Colour panels can be printed to match any colour of your choice.

Pick one of our designs which come in three different colours, indicated by this icon.

Provide an image of your own and we'll print your truly bespoke Showerwall panel.

### Selecting from our colourways

Designs which are available in a number of colours ensure they complement a variety of styles. Here's our Starlight design which comes in Sapphire, Emerald and Blush.

### Creating your bespoke colour or image panel

Pick any colour to create a bright statement wall or something more subtle - all we need from you is a colour reference, or supply us with your own image. Please email [info@showerwall.co.uk](mailto:info@showerwall.co.uk) to bring your bespoke panel to life today.

DISCLAIMER

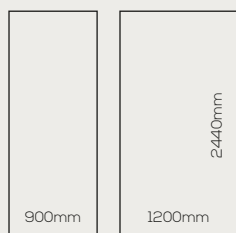

Any reference to Showerwall waterproof panelling system refers to all elements of the Showerwall system being fitted together. Showerwall Laminate panels must be fitted in accordance with the fitting instructions and must use Showerwall trims including Sureseal, sealant and adhesives to ensure the system is both waterproof and guaranteed. Due to variations in the photographic and printing processes the colours shown may vary compared to the actual product. Natural stone decors will vary to replicate variances in this type of material, and there will generally be shade variances between individual panels so this is not grounds for complaint. All panels, irrelevant of decor type, must be inspected carefully before installation. Any concerns raised must be clarified prior to installation. It is recommended that actual product samples and retailer displays are viewed prior to purchase. We reserve the right to amend the specification of the products shown without prior notice. E&OE.

**A smart waterproof system** combined with the character of organic materials; built to last and easy to install.

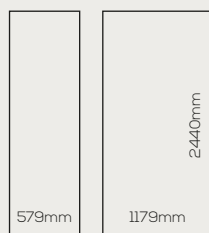

## LAMINATE

Laminate panels are manufactured using an FSC® certified exterior grade MDF core which is bonded to high pressure laminate. To ensure a watertight finish, Laminate panels require trims (including Sureseal) for all outer edges, and internal and external corners. Choose from Square Cut or Proclick panels.

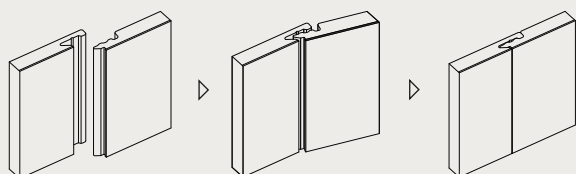

### Square Cut Panels

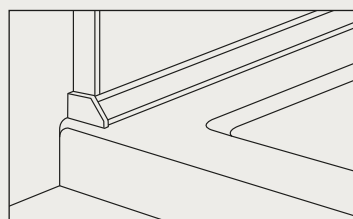

### Proclick Panels

**Proclick technology** has been engineered to create a mechanical locking system that provides seamless, almost invisible joints. Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

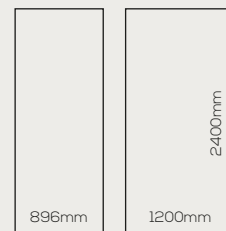

**Sureseal** is a four point sealing system that achieves greater sealing performance at the base of the Showerwall Laminate panel. Fit and forget using the only maintenance free shower seal on the market with no future resealing required.

## ACRYLIC

Acrylic panels are manufactured from a 4mm acrylic sheet that is rear printed to create a polished glass-like finish. They are 100% waterproof and do not require any trims; panels are simply joined together using sealant.

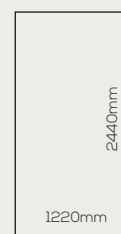

### Acrylic Panels

## COMPACT

Our Compact panels are made from a strong solid composite material, embossed to create a tile effect wall without the need for grout. To ensure a watertight finish, Compact panels require trims for all outer edges, and internal and external corners.

### Compact Panels

## ONLINE RESOURCES

Visit [www.showerwall.co.uk](http://www.showerwall.co.uk) to find useful information, including help finding your nearest retailer and fitter, our handy visualiser tool, and free sample service. The website also includes lots of installation support including short how-to videos, and a download section where all the latest literature and technical documentation can be accessed. Should you require any further information please contact [info@showerwall.co.uk](mailto:info@showerwall.co.uk).

## ENVIRONMENTAL RESPONSIBILITY

All Showerwall Laminate panels are manufactured using an FSC® certified Exterior Grade MDF core, guaranteeing that the timber used is harvested from responsibly managed forests and other controlled sources.

Packaging is made from 100% recycled material
